

## Key Skills:

Create a double pinch pot using clay

Use mark making in clay work

Join materials in different ways (glue/staples/blue tack)

Explain what went well with their work

Explain how their work could be even better if they were to create it again.

Join materials together to create a moving product

Add electrical components to their work to reflect reality.

## Sequence of Learning

Design and plan what they are going to make.

Select appropriate methods for making and joining materials.

How could we add a moving and electrical component?

Create a clay pot to hold the product.

Evaluate the product.

Key Vocabulary

Pinch

Join

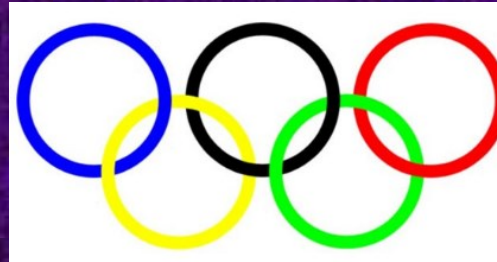

Materials

Electrical

Component

Olympics

Torch

We want our clay pinch pot to look like this.

## Final Outcome

We will produce our own Olympic torch with a light up flame. We will also produce clay torch holders for display.
