

# Summer 2 Year 4 Effective Searching

## Vocabulary

**Easter egg** – An unexpected or undocumented feature in a piece of computer software or on a DVD, included as a joke or a bonus.

**Internet** – A global computer network providing a variety of information and communication facilities.

**Internet browser** – A software application used to locate and display Web pages.

**Search** – To look for information. In this case on the Internet.

**Search engine** – A program that searches for and identifies items in a database. Used especially for finding sites on the World Wide Web.

**Spoof website** – Website spoofing is the act of creating a website, as a hoax, with the intention of misleading readers that the website has been created by a different person or organisation.

**Website** – A set of related web pages located under a single domain name.

## Sequence of Learning

To locate information on the search results page.

To use search effectively to find out information.

To assess whether an information source is true and reliable.

## National Curriculum Links

- Understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration.
- Use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.
