To create a picture frames that illustrates qualities and special features about yourself

Puzzle 1 Pieces	PSHE learning intention	Emotional literacy and social skills development learning intention	What will be our key questions?
1. Judging by Appearances	I understand that, sometimes, we make assumptions based on what people look like	I try to accept people for who they are	
2. Understanding influences	I understand what influences me to make assumptions based on how people look	I can question why I think what I do about other people	What features of your physical appearance do you like the most? How would it feel to be judged on just your physical appearance? What influences you the most? What assumptions do you make? Do you make assumptions that are mostly right or not?
3. Understanding Bullying	I know that sometimes bullying is hard to spot and I know what to do if I think it is going on but I'm not sure	I know how it might feel to be a witness to and a target of bullying	
4. Problem-solving	I can tell you why witnesses sometimes join in with bullying and sometimes don't tell	I can problem-solve a bullying situation with others	
5. Special Me	I can identify what is special about me and value the ways in which I am unique	I like and respect the unique features of my physical appearance	How might it feel if you don't belong? How does the bear feel special? What characteristics do you like about yourself and your friends? What are the special qualities and characteristics you have? What makes you unique?
6. Celebrating Difference: how we look	I can tell you a time when my first impression of someone changed when I got to know them	I can explain why it is good to accept people for who they are	Who have you made an assumption about? What first impression have you had about a teacher in this school? How would it feel to have a wrong judgement made about you?)
